

# 3 REASONS

## TO GET RENTERS INSURANCE

Renters Insurance has benefits that you may never have thought of. Here are three considerations that could save you BIG down the road...

### Content Protection

Renters Insurance can protect your belongings from theft, loss, fire & smoke damage, water damage, negligent neighbors and even vandalism

1

2

3

### Travel Protection

Taking a trip? Your renters policy can cover your contents (that you bring along) while you do. And, don't forget, the stuff you left behind in your apartment, as well.

### Contents of your Car

Most people think that if something is stolen out of your car, the auto insurance policy covers it. This would be incorrect. If you have renters insurance, the stolen or damaged contents would be covered under this policy.
